

ABOUT CHILDREN

Early training in the practice of self-denial, instructions as to the use of money, opportunities for earning and saving money, all these tend to fix and fasten the children in the way of thrift and prosperity.

FOR SALE—Soda fountain; will trade for land or cash. Terms to suit purchaser, Bramble Millinery Co. If the Muskogee high school defeated the Tahlequah school recently by a score of 1 to 0. The Tahlequah team made one error in the ninth inning on which Muskogee scored. The Vinita high school has a game scheduled with Muskogee to be played in this city.

The Vinita fight fans will have a chance tonight to witness one of the fastest boxing contests ever pulled off in Vinita, when Whirlwind Bridgeman meets Young Hyat for a ten round go in the Davenport building on South Wilson street.

Both fighters are Vinita boys and have a reputation in this city. Whirlwind first came into prominence by winning the decision over One-Round Bishop and recently scored a knockout on Young Jack Johnson, the dark town terror. Of Young Hyat not much is known of his ability except that he is a husky lad and has been getting the best of training.

Young Jack Johnson will box five rounds with his manager as a preliminary to the bout between Whirlwind and Hyat.

Finest Turnout of Any Circus. The Great London Shows Consolidated, which comes to Vinita Tuesday, May 7, will bring special importations in the way of all kinds of new circus acts which have been secured in conjunction with a long string of the pick of American performers.

Every department has been increased extensively, and it is claimed the exhibition of blooded horses is the best ever offered, among which are the wonderful Dublin Grays, the Big Six, who have captured all of the prizes at the prominent horse shows. They are valued at \$25,000.

The parade, said to be "the finest turnout of any circus has ever made in any country," will traverse the principal streets morning of show day.

Money to Loan. Choice farm loans now made at a 7 1/2 per cent interest rate, without commission. Money ready. F. M. Gwinup & Son.

Deeply Rooted Ideas. It is true that a woman suggests beef tea as a universal panacea for all ills. It is certain, on the other hand, that a man always believes that a woman always feels better for lying down.—S. Macnaughton.

Tip From the Waiter. "Everything comes to him who waits, I suppose," said the restaurant diner patiently. "Yes, suh," answered the negro waiter, "but the gentleman what won't wait does get his first."—Life.

Her Preference. First Saleslady—"Are you going to marry that gentleman that comes here every day?" Second—Bittie—"Nope. I'd rather have a job without a husband than a husband without a job."—Life.

Playing Safe. "Did you make up the list of the 20 greatest women that the editor asked you to prepare?" "Not on your life! But I've told at least a hundred women that they were sure of a place on it."—Life.

Wisdom From the Bench. "A man hit me, and I hit him back," said a woman at the Marylebone police court. "Yes," said Mr. Plowden; "you wouldn't be a woman if you didn't nowadays."—London Express.

Useless to Try. You can't make a woman whose nose turns up believe that the Grecian type of facial architecture is aristocratic.

Before and After. Before she is married a girl wants to be somebody's darling. Afterward she appears to desire to be somebody's boss.—Exchange.

Amusing the Children. A good way to amuse the children on a rainy day is to cut colored pictures from old magazines. These are pasted on cardboard squares and the squares are fastened together by piercing them with a knife and threading them upon a bright piece of ribbon. Select pictures of all kinds, including plenty of animals, birds and flowers.

Restoring Burnt Steel. The following process will restore burnt steel. Mix well together four pounds of fine white sand, half a pound of sal ammoniac, a quarter of a pound of copperas, and half a pound of resin, all pulverized. When the steel is hot, sprinkle with this mixture and allow to cool. This process will restore any burnt steel.
